

## Planning for a Healthy Future:

*Nurse your knowledge of evolving policy*

*Tuesday 14 May 2013 (9.30am-4.00pm)*

**BDP, Manchester**

"The planning system can play an important role in facilitating social interaction and creating healthy inclusive communities." This extract from the NPPF reminds us of the common roots which planning and public health share. Alongside this, other changes such as the recent integration of public health within local government services and the development of age friendly initiatives, makes it important that planners and public health professionals work more closely together. This event will consider ways in which health can be improved alongside more sustainable development.

- **Common roots, common futures**

*Dr Stephen Watkins, Director of Public Health, Stockport Council*

- **Health problems, impacts and inequalities**

*Mick Timpson, Mick Timpson Urban Design*

- **Resources and tools for the job**

*Hilary Dreaves, IMPACT, University of Liverpool*

- **Role of town planning in creating healthy communities**

*Stephen Hewitt, Specialist Planner, City of Bristol/NHS Bristol*

- **Case study: Planning and Health in Stockport**

*Angie Jukes, Health and Environment Adviser, Stockport Council*

### **Chairman**

*John Knight, RTPI North West*
