NETWORKS

PUBLIC

PRIVATE

ACADEMIA

YOUNG

JURISDICTION / REGULATION

OTHER/S

Mutual benefits and global portability

ACTIONS: map data base of experience & connections / CPD seminar series / develop business networks / align interests / share visiting contacts

THINK GLOBAL / ACT LOCAL

SCOTTISH PLANNING

How does Scottish planning inform international practice?

How does international planning inform Scottish practice?

INTERNATIONAL PLANNING

Outreach + raise awareness + share learning

ACTIONS: World Town Planning Day event / lectures & exhibitions / dedicated edition of the Scottish Planner

OUTCOMES

Scottish planning practice's awareness of SDGs and international obligations better contributes to delivery of the National Performance Framework outcomes

More innovative **Scottish practice** is aware of how international planning aligns practice to the SDGs and the New Urban Agenda

Scottish and international planning practice supports land and human rights, inclusivity, cultural sensitivity, data driven approaches, etc through e.g. better multi-disciplinary working

Teaching and research about **international planning** is fundamental to Scottish planning education and showcased through networks

Scottish planning practice and research becomes more visible internationally and better connected to international networks

A better informed profession

ACTIONS: celebrate (twinning?) awards / comparative practice case studies / links with other professions
