

We need your skills!

We offer a free, impartial Advice Service for help with planning issues; provide training on Scotland's planning system; and support effective community engagement in planning — **our work is made possible thanks to a dedicated network of skilled planners (like you!) who volunteer with us across Scotland.**

We believe that communities should be at the heart of decision-making about their places. Volunteer with us to help make a difference!

Volunteers are at the heart of what we do at Planning Aid Scotland. We have a range of flexible volunteering opportunities to suit your lifestyle and interests.

Give expert planning advice

MRTPI Chartered Planners and retired planners can volunteer for our Advice Service, answering questions about the planning system from individuals, communities, and business start-ups.

Support communities around Scotland

We are currently looking for non-chartered volunteers in East Lothian/Dumfries & Galloway to volunteer at upcoming community engagement events. This is a great opportunity to work on your engagement skills and CDP!

Join our Network!

Non-chartered planners can also join our Network. Take advantage of our Graduate Scheme—bridging the gap between graduating university and starting a career in planning—and our CPD events on planning-related topics and soft skills.
