

East Midlands Region Annual Report 2019

Regional Chair, John Scott, Peak District
National Park Authority

This year has been very successful in engaging with members, with the highlight being our Regional Awards. We had 26 high quality entries and some truly exemplar winners. We wish them every success in the National Awards. If you missed entering a project, plan or team this year, why not do so next year? Entries will open in May 2020. The presentation evening at the Roundhouse in Derby was an excellent celebration of achievements attended by 120 planners.

New Lubbethorpe, Overall Project Winner, Blaby District Council

We were pleased to host RTPI President Ian Tant on a visit to Chesterfield and the Peak District in July, showing him the

contrasting needs for development in the neighbouring authorities. July 2020 will see the new President Sue Manns visiting the Region.

Our low cost and free CPD events have again had good take up with over 580 delegates attending. Topics covered included heritage, housing supply, inclusive planning and planning law. We are particularly grateful to Howes Percival for providing a series of free law briefings through the year.

Our thanks also go to Peter Wilkinson of Landmark Planning for providing the multi-disciplinary events at the Parcel Yard in Leicester.

Our Young Planners events continue to attract both members and non-members, with the social activities proving very popular.

We will endeavour to continue to offer free and low cost events next year ensuring we support learning and development of all our members.

Regional Awards 2020
5 November, The
Roundhouse, Derby.
