## Annex 4

### Annual General Meeting

## Members Subscriptions

### Report from the Board of Trustees

#### FOR NOTING

The members are asked to note the decision of the Trustees to set 2022 subscription rates as shown in the Appendix A.

#### Explanation

The Board reviews subscription rates annually and seeks to balance value for money for members while maintaining and investing in services to members. RTPI's byelaws require the Board to consult with General Assembly on proposed changes to subscription rates, and the Board makes its final decision after they have consulted with the General Assembly.

Following the procedures, the Board of Trustees consulted the General Assembly on the 2022 subscription rates at their meeting held on 9 June 2021 and the extension of the minimum subscription rates (2%) to the members was generally supported by the General Assembly.
